Any old business? Sweatshirts Trish

Any new business?

A: part of this is bran issue we need to represent HASC, if we add a new jersey it will a problem because at some point other teams will be using for the games and we will be losing the representation if I add a third kit to uniform "tournament"

Adidas- through soccer.com we get money not from another store

We will take it on advice and discuss it. We had some samples and we will look into it with another company that can make it for us only for our club and everyday can afforded.

We need to figure out something.

A: we agreed that we should stick to same brand but at the same time we need to be able to provide something that everybody can afford.

We have a lots of items we can get from soccer.com and I am sure Zack will happy to come and show us what they have. Upper 90 – doesn't work for us.

Additional projects at the meeting:

Trish- Sweatshirts?

Kim- we have no respond as of today but we will I had text her if she need help to place the order.

Trish- extra thing and I am donating for the younger teams

I have suggestion- in regards to tournament jerseys are very nice and we got so many complements

Chris- any advertising is positive and we can work it out.

Andy-were some else not club – but it was really hot club was not happy but it happened as happened with your team.

Spirow- we need to stick to a brand and we should keep doing it.

The most important rule is that if you "See something, say something".
